

The Ambulance Wish Foundation UK

Fulfilling wishes, celebrating lives

About Us

Inspired by and working in collaboration with the Dutch charity Stichting Ambulance Wens, The Ambulance Wish Foundation UK's mission is to give terminally ill patients the resources, specialist transport and medical care they need to fulfill their final wishes. Wishes can be simple, a last visit home or to a place of personal significance. It's usually the little things that mean the most to a person nearing the end of their life, but these can seem impossible.

What we can provide

The Ambulance Wish Foundation UK has specially designed ambulances to transport terminally ill people in safety and comfort.

Our stretchers are designed using specialist mattresses and are adapted to allow them to be used on practically any surface.

Our vehicles are staffed with medically qualified volunteers and drivers to accompany the person for the duration of the wish.

Your Wish

We welcome wishes big or small from everyone, adult or child. Nearly everything is possible and all wishes are fulfilled **free** of charge. There is no waiting list. If you wish to use our service then please complete our application form online at www.ambulancewishfoundation.org.uk and we will respond to you as soon as we can.

Donate a wish!

We would not be able to operate without generous donations from individuals, companies and other organisations. Please contact us if you would like to donate to or support the charity. Alternatively please go to <https://www.gofundme.com/fe6tzmf4>
